

## **GRADE 9/10 SKILLS & TECHNOLOGY EXPLORATION**

Modular Courses include two focus areas: Baking Cooking/Tourism and Technology Education

<https://mytrainingbc.ca/youthexploreskills/>

### **Technology Education**

*Introduces students to the field of metalwork with an exploration into career options in this industry.*

### **Baking Cooking Tourism**

*The activities in the Baker module exposes students to fundamental baking skills as well as knowledge and attitudes needed for careers in the baking profession.*
