Financial Need:

Financial need is one of many criteria in several scholarships, however there are still many awards that do not require financial need. If a scholarship requires financial need, it is incredibly helpful that I have an idea of your circumstances. Please describe below how you plan on paying for your education. For example, does your family have savings for your education or RESPs? Do you plan on taking out student loans? Will you be working through college or university? Will you be using a combination of both family help and student loans/working? What is your level of financial need?

Keeping in mind that this form is confidential, please describe your circumstances with as much detail as you feel comfortable sharing. The more we know about your financial need, the more we can help.
