## MyEducationBC Family Portal Access Information for Students

The Burnaby School District uses the MyEducationBC database for student information. Each student will have an account that allows them to view attendance entries, student schedules, next year course requests, course achievement records and term/final report cards.

In order for students to access the Family Portal, the school will require a valid confidential email address. If there is no email address on file or if the email address has changed, please email the school at [Mountain.Info@burnabyschools.ca](mailto:Mountain.Info@burnabyschools.ca) as follows:

1. Please email **from** the email address you wish to have on file
2. Please put your first and last name and student # in the subject line.
