PARKING - INFORMATION

It is important that we keep congestion on the driveway to a minimum.

Our buses for special needs students are the priority for drop off.

Please use the cul de sac or other areas offside for drop off.

- We are asking that pickup also occurs offsite to minimize the number of students gathering in front of the school.
- There has also been an increase in drop offs occurring in the parking lot.
- The parking lot is for staff and student parking only.**

Students should **NOT BE DROPPED OFF** in the parking lot at any time as it is unsafe.

International Travel	Have you returned from travel outside of Canada in the last 14 days?	YES	NO
Confirmed Contact	Are you a confirmed contact of a person confirmed to have COVID-19?	YES	NO

*Check BCCDC's [Symptoms of COVID-19](#) regularly to ensure the list is up to date.

If the student answers "YES" to one of the questions included under 'Key Symptoms of Illness' (excluding fever), the student should stay home for 24 hours from when the symptom started. If the symptom improves, you may return to school when you feel well enough. If the symptom persists or worsens, seek a health assessment.

If you answered "YES" to two or more of the questions included under 'Key Symptoms of Illness' or the student has a fever, seek a health assessment. A health assessment includes calling 8-1-1, or a primary care provider like a physician or nurse practitioner. If a health assessment is required, the student should not return to school until COVID-19 has been excluded and your symptoms have improved.

Faculty of Land & Food Systems (LFS) at UBC - Virtual Open House (November 16 – 21, 2020) Our programs in LFS are ideal for students who want to pursue a science program that focuses on using that knowledge to have social impact. This is where science meets society’s urgent needs. We need to protect our water, build resilience into our food supply, and figure out how to do it all with rising temperatures and shifting weather patterns. We need to figure out how better to feed humans, how better to understand the way our food nourishes and powers us, and how better to care for our food resources.

Taste of LFS is a week-long **virtual** series of interactive workshops, presentations and social media content for anyone interested in applying to the Faculty of Land and Food Systems (LFS) at UBC. We’ll be highlighting our undergraduate degree programs, career opportunities, and what it’s like to actually be a student in LFS. We will answer your questions about applying to UBC and help you to determine if an LFS program is right for you.
