Announcements

Grads of 2021

In lieu of the grad group photo this year the yearbook class will be compiling photos to make a collage of all grad students this year. The final image will resemble a massive zoom meeting.

Although there was more interest in taking the grad group photos in cohorts, this does not appear to be a feasible option. Due to our upcoming deadline for the completed yearbook and the time required to schedule 45 student cohorts we simply do not have enough time to collect and include all of the photos in time.

Please submit your photo to bmssyearbook2021@gmail.com

Deadline for photo submissions: March 5

Photos should

- Show head and shoulder (centered in the photo)
- Use natural light, make sure face is visible
- Indoor selfie shot is encouraged
- Suggested pose: wave, peace sign, thumb up, sit/stand still(no pose)
- No restrictions on props and clothing as long as appropriate, and face is showing
- Dimension: 16:9 is encouraged, if not then make sure to leave enough background space for cropping

SCHOOL GOALS:

Goal 1: To improve students' reading for comprehension with a focus on finding the main ideas, summarizing and in some specific areas, note-making at the Grade 8 and 9 levels.

Goal 2: To increase student awareness, understanding and practice of healthy living.

Minerva BC 2021 Learning to Lead

Learning to Lead™ is a free program that provides Grade 11 students (who identify as female) with the virtual opportunity to increase confidence and explore their leadership potential while creating a network who will support them along their educational and career journeys. Participants develop their confidence through workshops that identify their key strengths and core values. They leave the program with greater self-awareness, and the inspiration to take on new challenges and opportunities. We are excited to offer four different weeks of Learning to Lead™ in 2021 (one program each week in the month of May) to 200 youth across BC. Please note that successful applicants are selected to attend one of the program weeks. All sessions will be from 6-8:30pm PST over Zoom. Please note that in order to participate, students must be able to attend all five days of the program week. This is an invitation to fully devote five evenings to their learning, growth, and fun! To learn more about Learning to Lead please register for one of our upcoming Info Sessions. Click [here](#) to visit our website

<u>Mountain Reports</u>  	<u>Student Learning Survey 2020/2021</u> Student Learning Survey 2020/2021 The Provincial Student Learning Survey is unique in its scope, size, and usefulness to schools. It gathers information from parents/guardians/caregivers, teachers, and students on topics related to the school environment, safety, and achievement. The information is used for planning in individual schools and provides a district and provincial perspective. Early in 2021, the Student Learning Survey will be administered to students in grades 10 and 12, their parents/guardians/caregivers, and all school staff. We encourage parents/guardians/caregivers to participate in this survey, as the results are important in identifying and celebrating current strengths, as well as determining where the school needs to focus improvement. The surveys contain standard questions for the Province – in addition, questions from the school and/or district that focus on local conditions or issues may be included. The survey can be completed electronically and can be accessed on the Internet here. Any computer with an Internet connection can be used, and access to the e-survey is simple and secure. The survey can be accessed through the link with or without an anonymous login code by selecting the school district and school name where your child attends school. Provincial, District and School Reports for previous years can be viewed at the same site under the Results section. The e-survey site will be open until April 30th. If you have any questions, please contact the school at 604-296-6870
 	<u>Grade 10 Numeracy Assessment</u> All students in grade 10 will be writing the Numeracy Assessment during the week of April 12-16. The schedule will be posted on the windows of the library in the upper commons of our school. Students should be checking to know when they will be scheduled to write. Before writing the numeracy assessment, we highly recommend that students watch the following video so they can become more familiar with the format and what will be expected. More information, as well as practice numeracy assessments, can be found here
