### Global Coffee Fundraiser

The dance and drama programs here at BMSS are back again fundraising. This time with "Global Coffee" a local Maple Ridge company. This fundraiser is one that the Drama department used two years ago when raising money for a Theatre trip to NYC (ahhh remember traveling?...). As a coffee drinker myself, I really enjoyed their blends and top-notch customer service. This year they have added in Hot Chocolate as well, for those non-coffee drinkers out there.

Every year our students participate in many fundraising events that go towards financing our theatre shows, costuming, field trips/zoom in guest artists, and other opportunities for students to grow in their knowledge of theatre. Normally our students go out into the community with sponsorship letters for donations, but as our community is hurting a bit this year with the pandemic, we decided to try a different route to raise some money.

We know that many of you have ordered from school fundraisers in the past and loved the products you received so we wanted to mix things up, and fuel you with caffeine to survive the rest of the school year (cream and sugar not included).

Ordering is super simple. Click [here](#) put your items in your cart and when you are ready to checkout, follow the on-screen prompts. Select what you want, pay and it will be shipped to the school here for pick-up. It's that easy!

All orders are due by **May 11th** and we hope to have orders available for pick-up from the school on **May 18th**. Our students really thank you for your support!

**Student Learning Survey 2020/2021**

Student Learning Survey 2020/2021 The Provincial Student Learning Survey is unique in its scope, size, and usefulness to schools. It gathers information from parents/guardians/caregivers, teachers, and students on topics related to the school environment, safety, and achievement. The information is used for planning in individual schools and provides a district and provincial perspective.

Early in 2021, the Student Learning Survey will be administered to students in **grades 10 and 12**, their parents/guardians/caregivers, and all school staff. We encourage parents/guardians/caregivers to participate in this survey, as the results are important in identifying and celebrating current strengths, as well as determining where the school needs to focus improvement. The surveys contain standard questions for the Province – in addition, questions from the school and/or district that focus on local conditions or issues may be included. The survey can be completed electronically and can be accessed on the Internet [here](#)

Any computer with an Internet connection can be used, and access to the e-survey is simple and secure. The survey can be accessed through the link with or without an anonymous login code by selecting the school district and school name where your child attends school. Provincial, District and School Reports for previous years can be viewed at the same site under the Results section. The e-survey site will be **open until April 30th**. If you have any questions, please contact the school.

SCHOOL GOALS:
