Sending Sunshine

Sending Sunshine is a volunteer-driven initiative aimed at spreading positivity and love to our senior community through making them handwritten cards and messages. Our main goal is to be able to involve more youth in this organization and make a significant impact on the lives of seniors in our community as it is a very easy and casual volunteering opportunity for those who might not have the time to attend weekly meetings or make a commitment. Students who want to be a part of the "club" can sign up, and then make cards at home with their own supplies whenever they might have free time. Once they make a card(s), they give them to us and we (the Chapter leaders) will mail them over to the headquarters back in Ontario. After that, the volunteers will be able to receive their volunteer hours. *Below is a link and some additional information that might be helpful in explaining more about this charity*
