Ms. Williams 	Mountain Reads book 2: <u>Catfish Rolling by Clara Kumagai</u> There's a catfish under Japan, and when it rolls, the land rises and falls. At least, that's what Sora was told after she lost her mother to an earthquake so powerful that it cracked time itself. When Sora's father disappears, she has no choice but to venture deep into the abandoned time zones to find him, and perhaps the catfish itself . . .
Ms. Williams 	Another Mountain Reads title <u>Messy Perfect by local author Tanya Boteju:</u> Cassie Perera's new school year brings an unwelcome surprise—the return of Cassie's former friend, Ben, who left a few years ago after a homophobic bullying incident Cassie knows she didn't do enough to prevent. Still harboring guilt from her inaction, Cassie decides to team up with the neighboring public school to found an underground Gender and Sexuality Alliance—as a complicated strategy for making things up to Ben.
